KS3 Creative Arts Contribution

Dear Parents / Carers

I hope this letter finds you well. As the new academic year is now underway, I am writing to request a contribution that will greatly benefit your child's learning throughout the Art and Design and Technology curriculum in Years 7, 8, and 9.

At Middlewich High School, we strive to provide our students with a comprehensive and enriching educational experience. Our curriculum plays a crucial role in fostering creativity, problem-solving skills, and practical knowledge. KS3 students complete a wide range of projects within the department and across a range of material areas. We continually develop new and exciting projects using the latest materials and technologies to engage the pupils and expand their knowledge and understanding of the subject areas.

The department has been most grateful for the support parents have given in the past to our request for contributions towards the cost of materials needed for project work. This has enabled us, in spite of ongoing rising costs, to continue to provide pupils with the best quality materials and resources. To continue to help with these rising costs, I kindly request your support in the form of a contribution of **£5 per student**. This can be paid via the school online payment system (www.scopay.com)

This contribution is intended to cover the basic materials required for our Key Stage 3 Art and Design and Technology projects, including a sketchbook in Art. As our students explore various concepts and engage in hands-on activities, it is essential that they have access to the necessary resources.

We understand that financial circumstances may vary and will support any families facing financial hardship.

As always, we will also welcome donations of materials/resources for Art and Design and Technology lessons, and we thank families that have gifted a range of items.

If you have any questions or concerns, please feel free to contact me on the following email - lmoore@mhs.school

Kind regards

Mrs L Moore
